PROFESSIONAL EXPERIENCE

Licensed in the state of UT. License number 8610846-2501

July 2025 to present

Utah Center For Psychological Services
West Jordan, UT

Training Director and Supervisory Psychologist

I provide advanced clinical oversight and mentorship to postdoctoral residents, ensuring the delivery of high-quality, evidence-based psychological services across a range of presenting concerns. I am responsible for developing and managing the postdoctoral training program, integrating best practices in assessment, diagnosis, and therapeutic intervention. My role involves conducting regular individual and group supervision, providing in-depth clinical consultations, and guiding trainees in the formulation of complex cases, treatment planning, and ethical decision-making. I lead didactic seminars on specialized clinical topics and foster professional development through structured feedback and performance evaluation. In collaboration with leadership, I contribute to program development, quality assurance, and maintaining standards aligned with licensure and professional competency.

I also provide comprehensive psychological and neuropsychological assessment. Comprehensive neuropsychological and psychological evaluations include: intake, test administration, scoring, interpretation, recommendations, and follow up. Evaluations for issues such as mood disturbance, trauma, anxiety, learning and memory concerns, psychotic symptoms. Mental health therapy serving children, adolescents and adults. Areas of therapy specialty include: adolescents and adults with severe parent/family conflict, disruptive behaviors, anxiety, post-traumatic stress, and/or sexual abuse and assault. Young children with history of trauma and disruptive behaviors/anxiety.

Additional services include expert consultation on civil and criminal forensic cases, particularly related to trauma, child sexual abuse, child abuse and maltreatment.

December 2018 to
June 2025

Neurology Learning and Behavior Center
Salt Lake City, UT
